The I-BiDaaS Solution

I-BiDaaS will give companies the power to deploy Big Data self-service solutions across the organization, from customer-facing employees with little IT experience or expertise to top management, and help companies optimize decision-making at the tactical, operational, and strategic levels.

The I-BiDaaS Consortium

The I-BiDaaS Consortium brings together a unique group of 13 organizations from 8 countries. The Consortium is highly complementary in terms of technical competence as well as business and market experience.
